### **DETAILED ACTION**

1. Claims 11-14, 22, 23 , 25 and 31 are allowed. Claims 11-14, 22, 23 and 25 are re-numbered as claims 1-8.

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jerry Miller on 10/11/07.

The application has been amended as follows:

25. (Currently Amended) The apparatus according to claim 23 24, wherein the content is retrieved from the first and third files and the first and second files in an order of sequential frames in the content.

### ***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance: The closest prior art of record (Colligan) discloses selective encryption for secure distribution of video on-demand by encrypting I-frames without encrypting B-frames and P-frames while Carny reference discloses pre-encrypting selected portions of digital content under plurality of algorithms to generate multiple encrypted copies of digital content. However, the prior art of record individually or in

combination does not explicitly disclose determining whether the subscriber is enabled for decryption of content under first encryption algorithm or second encryption algorithm; send digital content to a receiver compatible with the first encryption algorithm by multiplexing content from the first file with content from second file; and send digital content to a receiver compatible with the second encryption algorithm by multiplexing content from the first with content from the third file in light of other features disclosed in independent claims 12 and 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
